

Target Audience

This program is designed for nurses and other health care professionals interested in wound, ostomy and continence issues

Conference Goal

To provide evidence-based information to improve WOC clinical skills, empower the leadership role of the WOC nurse to identify desired outcomes, and provide networking opportunities among healthcare colleagues caring for patients with WOC needs.

Conference Objectives

1. Provide evidence based strategies that produce successful clinical outcomes.
2. Provide opportunities for networking and discussion among health care providers caring for patients with wound, ostomy, continence conditions.

Contact Hours

IU Health Indianapolis (OH-412, 6/1/2016) is an approved provider of continuing nursing education by the **Ohio Nurses Association (OBN-001-91)**, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Participant can receive up to 16 contact hours with 3.5 pharmacology contact hours or up to 12.5 contact hours (if not attending the pharmacology lecture) with attendance of 90% of each session and submission of an evaluation.
